

Strapbinder

END leak problems now with.....

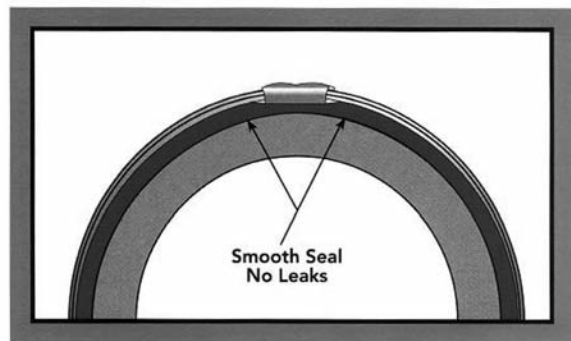

Our
SMOOTH SEAL
CenterPunch
Clamps

Strapbinder® can now offer both J Series and Center Punch Clamps with a smooth inside diameter to ensure gap-free contact Between the hose and clamp.

STANDARD CLAMP

Leak path may exist from band foldover

NEW SMOOTH-SEAL™ CLAMP

Leak path is eliminated with the SMOOTH-SEAL™ Clamp

Benefits

- Unique dimple design offers excellent sealing strength while maintaining radial compression
- Ideal for thin wall hose
- Full line of clamp diameters

- SMOOTH-SEAL™ minimizes damage to softer wall hose
- Low profile clamp
- Heavy buckle provides optimal holding power
